

LaunchPack XL

Extra Large Portable Event Counter

LaunchPack XL is probably the largest portable event counter on the market – and it can pack up to a 12m backdrop. LaunchPack XL has generous interior storage for your brochures etc. The top shelves can be opened to reveal two extra, conveniently hidden, storage compartments for your easy-access give-a-ways. With a recessed stovetop it becomes the perfect sampling station. Add our 2+1 sound system and you've got a complete bar!

It's perfect for events, presentations, product demos and food and drinks sampling. It all packs down into two transport cases on wheels. Even the large top shelf fits in the cases and travels well protected.

Maxibit LaunchPack XL is covered by patent. No tools needed.

Specifications:

MATERIAL

Recyclable aluminium

SIZE (LxWxH)
